In an area to the east of Siauliai/West airfield is located a group of wooden warehouses. Each is about 150 meters long and 30 to 40 meters wide. They have tarpaper-covered roofs and walls painted a dark khaki color. Guards armed with rifles and bayonets patrol between the buildings, but no wall is visible around the warehouse area. Construction of new warehouses during 1950 about doubled the number of buildings, to a total of approximately ten at present.
